

MOSLEM HORDES ATTACK THE CITY

Carnage at Adana Renewed,
and Many Killed.

TEN THOUSAND SLAUGHTERED

First Massacre, in Which an American Missionary Was Killed, Resulted in Heavy Loss of Life—Delayed Dispatches Show That the Latest Outbreak Began on Sunday Night

Beirut, April 27.—Delayed dispatches just received here say that the carnage at Adana was renewed Sunday night and many were killed.

The first massacre at Adana, where an American missionary was killed, resulted in the slaughter of 10,000 persons.

Advices indicate that the Moslem hordes have again attacked the city.

KIDNAPPED GIRL ESCAPES

Minnesota Child Manages to Elude Abductor.

New Ulm, Minn., April 27.—Esther, the fourteen-year-old daughter of Martin Mueller, residing in the town of Courtland, opposite this city, was kidnapped while on her way to school in New Ulm. As she was approaching the bridge which crosses the Minnesota river a strange man in a buggy drove up behind her and asked her to take a seat beside him, saying that he had been sent by Dan Williams of Cambria to bring her to his home, where Mrs. Williams, who is a sister of the girl, was ill. When the girl refused to accede to the man's request, he bound her, put her in the buggy and started to drive across the country.

The girl stated that the man was bleeding on the side of his neck and seemed to be somewhat in a stupor as they were driving through the country, and at a time when he seemed to be sleeping, she made her escape. Miss Mueller's clothing was torn in her attempt to escape. The marks on both arms where the ropes were tied showed plainly, and her hands and face were also slightly scratched. The country is being scoured in an attempt to apprehend the kidnapper.

TEN JURORS NOW IN THE BOX

Believed Jury to Try Captain Hains Soon Will Be Completed.

Flushing, N. Y., April 27.—With ten jurors in the jurybox and peremptory challenges allowed each side nearly exhausted, it is likely that another day will see the jury completed and the real battle begun for the life of Captain Peter C. Hains, Jr., now on trial here for the murder of William E. Annis. The presentation of the people's case is not expected to occupy more than a court day. Should a commission in lunacy to determine the defendant's present mental condition be applied for it will be ordered either by the court or on application of District Attorney Dewitt, as soon as any evidence of insanity is presented to the jury by the defense.

John F. McIntyre, chief counsel for the defense, contends that his client is insane at the present time, but said that he was not in a position to ask for the appointment of a lunacy commission.

If the case is allowed to go to the jury several alienists who have observed the prisoner will be called by both sides.

GALLAGHER AS A WITNESS

Relates Incidents Leading Up to Indictment of Supervisors.

San Francisco, April 27.—With James L. Gallagher as witness and Francis J. Heney conducting his examination in the bribery trial of Patrick Calhoun, incidents leading up to the indictment of the former board of supervisors were reviewed.

A feature of the day was Judge Lawler's admission of a legal answer made previous to the present prosecutions, wherein Gallagher had made oath as to his innocence of wrongdoing imputed to him by the district attorney's office. Section by section the witness heard the document read, and at the end he confessed to the jury that the sworn statements were false.

Mr. Heney then drew from Gallagher all details of the plot to remove District Attorney W. H. Langdon and substitute Abe Ruef in his stead. The evidence was admitted to show that Gallagher, fearing indictment because of the employment of Mr. Heney and the pending empannelment of a new grand jury, had sworn to the document in the hope of saving himself and his colleagues from investigation.

POET HOLMES' CENTENARY

Former Pupils of Writer-Physician Join in Harvard Celebration.

Boston, April 27.—Harvard university will celebrate tonight the centenary of one of her most famous sons, Oliver Wendell Holmes, physician, poet, essayist and novelist. The 100th anniversary of the birth of Holmes will not occur until Aug. 29, but at that time the university activities will be at a standstill.

At tonight's celebration, which will take place in Sanders' theater, Cambridge, graduates of Harvard Medical school who were pupils under Dr. Oliver Wendell Holmes while he was professor of anatomy and physiology in that institution during the thirty years 1847-1882 will be present. President Eliot will preside and Dr. Edward W. Emerson, Colonel Thomas Wentworth Higginson, Dr. David W. Cheever and Rev. Samuel M. Crothers will make addresses. Charles Townsend Copeland will read "The Last Leaf" and "The Chambered Nautilus," two of the poet's favorite poems.

FATALLY WOUNDS HIS WIFE

Detroit Man Then Ends His Own Life With a Bullet.

Detroit, April 27.—Benjamin Kraft shot his wife probably fatally at a boarding house, wounded the landlady in the arm, fired wildly at the police who arrived on the scene, and then committed suicide. The shooting resulted from divorce proceedings.

PRESIDENT TAFT AT GRANT CELEBRATION

Chief Executive Pays Tribute to General's Memory.

Philadelphia, April 27.—President Taft and members of his cabinet, with other well known Americans, will be the guests tonight of the Union league at the annual celebration of Grant's birthday by the league. General Grant was born eighty-seven years ago at Point Pleasant, O.

President Taft was met at the railroad station by the First City troop, Philadelphia's ancient organization, which claims the honor of escorting the city's distinguished guests. His progress through the city was marked by cheers. He was accompanied by Secretary of Agriculture Wilson and Postmaster General Hitchcock.

Among the other guests at tonight's banquet will be General Frederick Dent Grant, son of the general. Vice President Sherman was expected, but an engagement to speak at the Grant day celebration in Brooklyn will prevent his attendance.

Tonight's banquet will surpass in brilliance any ever given by the league. The last time a president and cabinet members were guests of the league was during the McKinley administration. During President Taft's stay at the league the city will be notified of his presence by the flying of the presidential flag from the league staff.

PACIFIC ROAD MERGER AGAIN

Attack on Reported Combination of Harriman Lines Renewed.

Salt Lake City, April 27.—The suit of the federal government to dissolve the alleged merger of the Harriman railroads, the Southern Pacific and the Union Pacific, which was begun in this city Jan. 28, 1908, was resumed here today before Special Examiner Sylvester G. Williams.

Hearings in the suit have been held in New York, Chicago and St. Louis, as well as here. In the suit Edward H. Harriman, Jacob H. Schiff, Otto H. Kahn, James Stillman, H. H. Rogers, William A. Clark and Henry C. Frick are charged with conspiracy to restrain competition among Western railroads over which Mr. Harriman and his associates are alleged to have gained control.

FOUND NO SCAR ON MAYBRAY

Officials Doubt Story That He Is Jim McCann.

Des Moines, Ia., April 27.—J. G. Maybray allowed himself to be stripped to the waist to identify a certain scar on the abdomen which, it was charged, Jim McCann, the murdered horseman, carried as the result of an accident. No scar was found. Federal officials here are inclined to doubt Mrs. Lillian Gates' charges, but the woman declares she has not yet produced her strongest evidence.

WILL SUCCEED ABDUL HAMID

Rechad Effendi to Be the Next Sultan of Turkey.

BEFORE THE NEXT SELAMLIK

Brother of the Present Ruler Expected to Be Enthroned—Caucus of Senators and Deputies Determines to Make an Effort to Compel Abdul Hamid to Abdicate Under the Ecclesiastical Law.

Constantinople, April 27.—The deposition of Sultan Abdul Hamid appears now to be certain, and the 101 guns saluting Mehmed Rechad Effendi as the new ruler of the empire probably will be heard before the next selamluk on Friday. Dignitaries of the church care as little for Abdul Hamid as does the Committee of Union and Progress, but the higher clergy are seeking to curb the agitation of the enthusiasts of the Mohammedan league.

Senators and deputies who have made inquiry among the Ulema find them in different degrees favorable to the sultan's removal.

A caucus of senators and deputies determined to make an effort to compel him to abdicate under the ecclesiastical law, by the terms of which a decree may be issued by the Sheikh Ul Islam, the highest authority of Mohammedanism next to the sultan, pronouncing the sultan incapable of ruling.

The grounds upon which the issuance of a canonical rescript will be demanded are that the sultan's supremacy is harmful to the church, contrary to the sacred law and unjust to the Turkish people. The programme as agreed upon at the caucus is that a demand shall be made for the abdication of Abdul Hamid simultaneously from the highest court of the church, from the national assembly and from the military chiefs. The sultan will be offered a palace and liberal allowances.

Will Hold Public Sitting.

Parliamentary leaders wish to discuss this programme at a public sitting before they approach the Sheikh Ul Islam on the subject, for in the popular belief it is with this man, who lives the secluded life of a mysterious, semi-holy character, that the difficulty lies. He is not likely to act without giving serious consideration to this important matter, taking counsel with the principal ulema and seeking the opinion of the wisest and most powerful men in the church.

The Constitutionalist do not wish to oppose ecclesiastical authority nor to undertake the tasks of progress without the support of a majority of the wise men, and if they strongly oppose the abdication of the sultan it would hardly be insisted upon at present, although this is regarded as the simplest course, to avoid further complications with Abdul Hamid.

Mehmed Rechad Effendi, heir apparent to the throne, who probably would be selected for the ascension, has lived practically a prisoner for twenty-five years in the large palace and gardens not far from the Yildiz Kiosk. Since the July revolution, however, he has often been in the streets of Constantinople, looking from the carriage windows upon scenes in the thoroughfares which have been strangely interesting to him. He is gray haired and not very strong, to judge from his appearance. He is sixty-five years of age and well educated.

AUTO STRUCK BY A TRAIN

One Merchant Killed and Four Others Injured.

Chicago, April 27.—An automobile containing five merchants from nearby towns was struck by a Chicago and Northwestern railroad suburban train near Elmhurst, Ill., resulting in the death of one man and the severe injury of the four others in the machine. The dead man is A. C. Renne of Pontiac, Ill.

The injured are W. M. McAllister, Sycamore, Ill.; O. H. Martin, Dixon, Ill.; Charles Birch, Morrison, Ill.; James Waldie, Whitewater, Wis.

The train struck the automobile at a high speed at a crossroad.

Agreement Is Probable.

Seranton, Pa., April 27.—With every prospect that differences existing between anthracite mine workers and operators will be adjusted before the end of the week, the tri-district convention of the union miners in the hard coal field will convene here today to consider the latest propositions that form the basis for the expected final settlement.

Tailored White Waists Some Very Neat New Garments

You recognize the popularity that tailored waists will enjoy this year and will doubtless want one or more. We placed a shipment in stock Saturday which now makes our line a most complete one. These sell at \$1.00, \$1.50 and \$1.75.

H. F. Michael Co

Fine Waist Nets

Tucked, Colored, Plain and Other Kinds

You cannot want any style of net for waists that we cannot supply you with. That is of the popular styles. Our line is a most select one from a New York importer and is correct in every particular. They are all popularly priced too.

BAILEY TALKS ON THE TARIFF

Texas Senator Denounces Principle of Protection.

STEEL TRUST AS AN EXAMPLE

Mr. Bailey Says He Believes Corporation's Profits Exceed Thirty-three Per Cent—Senator Aldrich Criticizes Income Tax Amendment Offered by the Gentleman From the Lone Star State.

Washington, April 27.—Denouncing the principle of a protective tariff as unfair in taking money from one man to give it to another in order to encourage him in the pursuit of an otherwise unprofitable business, Senator Bailey of Texas delivered a set speech on the Democratic side in opposition to the pending tariff bill. Both the floor and the galleries were crowded. Mrs. Taft occupied a seat in the president's gallery.

After he had proceeded without interruption for over an hour, several senators engaged in colloquies with him. Referring to Mr. Bailey's statement that duties of the pending bill might be lowered 33 1/2 per cent, Mr. Aldrich asked whether he supposed profits of American industries equalled that amount. Mr. Bailey replied that in the case of the United States Steel corporation he believed they had, and he cited the increased capitalization of that organization as an evidence of enormous profit. He insisted that such a lowering of the rate of duty would not seriously affect importations because he believed American manufacturers would be stimulated by the added foreign competition and would continue to supply the markets.

Mr. Bailey discussed his amendment providing for an income tax, which was criticised by Mr. Aldrich as tending to reduce protection that would be given American labor if it should result in a proportionate decrease of customs duties. Mr. Bailey favored restriction of immigration as a protection to American labor. Mr. Aldrich retorted that while Mr. Bailey was ready to keep the foreign laborer from our shores, he was not adverse to allowing the profits of this cheap labor to come in competition with the product of American workmen.

TO THE FINANCE COMMITTEE

Changes in the Tariff Bill Will Be Submitted.

Washington, April 27.—Some administrative features of the tariff bill will be submitted to the full membership of the senate finance committee today. They will include the substi-

tute for the maximum and minimum feature of the Payne bill, which has been worked out by Chairman Aldrich and approved by Republican members after having been perfected with the aid of Senators Root and Curtis and others who have given the subject careful study.

The substitute for the Payne method of applying rates fixed by the bill is much shorter and it is believed by members of the committee will eliminate many features that have provoked objections, chiefly the means of retaliation against countries that have failed to give the United States the benefit of their most favorable rates. The senate plan makes the established rates the minimum and provides for a maximum of 25 per cent additional, as is done by the Payne bill, but the term maximum and minimum is avoided, and the president is given discretion in advancing the established rate. Briefly, the amendment will provide for the following:

Duties will be collected on all articles imported from foreign countries at rates named in the senate bill and 25 per cent additional from countries which assess against goods from this country rates which are unequal and unreciprocal. The established rates will continue in effect until March 31, 1910, and thereafter, unless the president by proclamation puts into effect the additional rate of 25 per cent of the established rate. This will be done only upon the president receiving satisfactory evidence that a foreign country is discriminating against the United States.

The drawback feature of the Dingley law will be recommended for enactment instead of the provision of the Payne bill, which strikes out the identification requirement.

HAVE BUT LITTLE EVIDENCE

Authorities Anxious to Postpone Trial of Mrs. Boyle.

Mercer, Pa., April 27.—With counsel for the defense demanding an immediate trial and the prosecution alleged to be in favor of its postponement, the time for the trial of Mrs. James H. Boyle on a charge of kidnapping Willie Whitla is still undetermined, though Boyle's case will be heard next Friday.

It is alleged that Pennsylvania officials are not in possession of material evidence against the woman. Special detectives are known to be working at Cleveland, Chicago and Jefferson City, Mo. Reports from detectives at Cleveland and Chicago are to the effect that nothing important has been ascertained. It is said here that an attempt will be made in some manner to continue the case against the woman until next June.

A matter which may postpone the trial of Mrs. Boyle was developed. The indictment against the woman designates her as a spinster and also states that the kidnapping was committed on April 17, instead of March 18.

Mrs. Boyle gave out a statement asserting that she had been brought up according to the strict tenets of the church of her parents and that published stories as to her having been married to several different men were untrue.

SIXTEEN PERSONS HURT BY TORNADO

Storm Destroys Big Part of an Oklahoma Town.

Oklahoma City, Okla., April 27.—Sixteen persons were injured, one perhaps fatally, in a tornado which destroyed a large part of the town of Centrahoma, near here.

A child of Rev. E. J. Matthews was thought to be dying. Mrs. Matthews and her four other children also were injured. Lee Grist was badly bruised. The others were not seriously hurt.

Not a building in the town remains wholly intact. Twelve buildings, including the Methodist, Baptist and Presbyterian churches, were totally wrecked. The town contains about 800 inhabitants. Many are homeless.

A terrific rain and hail storm followed the tornado, greatly adding to the damage.

MANY CREEDS REPRESENTED

Leaders in Various Faiths at Philadelphia Congress of Liberals.

Philadelphia, April 27.—The recently organized National Federation of Religious Liberals, whose purpose is the promotion of the religious life "by united testimony for sincerity, freedom and progress in religion by social service and a fellowship of the spirit beyond the lines of sect and creed," will meet tonight in the Friends meeting house in this city for its first congress.

The federation is the outcome of a meeting held in this city on Dec. 3, 1908, by representative liberal thinkers and social workers.

MANY CREEDS REPRESENTED

Leaders in Various Faiths at Philadelphia Congress of Liberals.

Philadelphia, April 27.—The recently organized National Federation of Religious Liberals, whose purpose is the promotion of the religious life "by united testimony for sincerity, freedom and progress in religion by social service and a fellowship of the spirit beyond the lines of sect and creed," will meet tonight in the Friends meeting house in this city for its first congress.

The federation is the outcome of a meeting held in this city on Dec. 3, 1908, by representative liberal thinkers and social workers.

TUESDAY, APRIL 27, 1909.

April 27 In History.
1745—Battle of Culloden.
1759—Mary Wollstonecraft, English author and woman's emancipationist, born; died 1794.
1822—General Ulysses Simpson Grant born; died 1885.
1908—Roman Catholic centenary celebrated in New York city.

ASTRONOMICAL EVENTS.
Sun sets 6:48, rises 4:58; moon sets 2:15 a. m.; day's length 14 hours.

HAS the tariff deadlock anything to do with the lateness of spring.

A CONGRESSMAN from North Carolina suggests that a tax of \$12 be levied on every emigrant that comes to this country. That might clear up the deficiency in time.

THE reason southern Minnesota does not want reapportionment is because with a population of 763,000 in 1895 the First, Second, Third and Seventh congressional districts have 32 senators, the districts comprised of Hennepin and Ramsey counties with a population of 542,000 have 13 senators, while the Sixth, Eighth and Ninth districts with a population of 670,000 have but 18 senators. It might also be added that the unequal representation made it possible to pass the tonnage tax law.

WASHINGTON correspondents of the twin city dailies are again busy dishing out political dope for Minnesota. These correspondents, while all are good fellows, don't rub up against Minnesota politics once a year but they think the world will not move if they do not prophesy what will happen. According to their theory John A. Johnson has served notice that he has quit state politics to tackle national issues—the veto of the tonnage tax was the notice. Hammond will be the democratic nominee, and the republicans will win. The last one was a good guess.

LOCAL NEWS NOTES

McKINLEY SAW MILL
IS DESTROYED
Property of Brainerd Lumber & Cedar Co. Was Burned to Ground Last Night
THERE WAS NO INSURANCE
Owing to Mode of Construction Insurance Was Impossible--
Loss is \$5,000

The saw and shingle mill of the Brainerd Lumber and Cedar Co., was totally destroyed by fire last night, or rather about 2 o'clock this morning. The watchman was sick and off duty and it is not known what caused the fire. The engine and boiler room were immediately beneath the saw mill proper and this made it impossible to secure any insurance and the mill, which was worth probably \$5,000, is a total loss to the owners, Geo. A. McKinley and George Adecock, who were the principal stockholders in the company. At one time there was considerable danger to the cedar yard of the Itasca Cedar and Tie Co., but by hard work the danger was averted. The mill was located a mile from the limits of fire protection and it was useless for the fire department to make the run out there, and the department was not called out.

SUCCEEDS BLANCHARD
George T. Ross, Formerly of the Great Northern Succeeds E. C. Blanchard at Duluth

The announcement was officially made Monday that George T. Ross, formerly a division superintendent on the Great Northern Railway, has been appointed as superintendent to succeed E. C. Blanchard who has assumed the duties of general superintendent of the Northern Pacific system. Mr. Ross was formerly in the employ of the Great Northern at Superior under the direction of George Slade now general manager of the Northern Pacific.

Words To Freeze The Soul.
"Your son has' consumption. His case is hopeless." These appalling words were spoken to Geo. E. Blevens, a leading merchant of Springfield, N. C., by two expert doctors—one a lung specialist. Then was shown the wonderful power of Dr. King's New Discovery. "After three weeks use," writes Mr. Blevens, "he was as well as ever. I would not take all the money in the world for what it did for my boy." Infalible for coughs and colds, its the safest, surest cure of desperate lung diseases on earth. 50c. and \$1.00. Guarantee satisfaction. Trial bottle free. H. P. Dunn. t t s

Tangen-Bjerkeback
A pretty wedding took place at the Danish-Norwegian Lutheran church, April 26th, 7:30 p. m. when Hans B. Tangen and Miss Gabrielle Bjerkeback were united in holy wedlock, Rev. C. Hougstad officiating. The church was tastily decorated for the occasion, and to the strains of Mendelsohn's wedding march, Mrs. C. Hougstad presiding at the organ, the contracting parties entered the church where the ceremony took place according to the complete ritual of the Lutheran church, singing of hymns, scripture reading and chanting. The groom was attended by Gilbert Lunde as best man, and the bride by Miss Miss Inger Miller as maid of honor. A wedding supper was served to the nearest relatives and friends at Miss Mary Larson's home, 1306 East Norwood St., where Mr. and Mrs. Tangen will domicile for the present, they being as yet undecided whether to take a trip to Norway during the summer or to go to keeping house in Brainerd. Congratulations and the best wishes of their many friends are extended.

MUSIC AND DRAMA

"Girls"
Under the direction of the Messrs. Shubert, the attraction at the opera house May 5, will be Clyde Fitch's latest and most successful play, "Girls." This side-splitting comedy deals with the adventures of three young girls who have sworn a mighty oath that never, as long as they live, will they permit themselves to be dependent on man. With this resolution firmly fixed in their minds, but unfortunately not so firmly fixed in their hearts, they start out to do battle with the world. The inevitable happens, and in the end all three manhaters succumb to the wiles of masculinity.

Last night at the Bijou Madell and Corbley presented a novelty musical skit entitled "Summer Boarders and Sum-R-Not," a collection of clever impersonations. Miss Irene Corbley was as excellent in her portrayal of a crying baby girl as in her other casts of an old maid or bowery tough. Her partner, Geo. Madell is an excellent musician. The music on the battleship Minnesota is a decided novelty, and his saxophone solo is fine. Another feature was the playing on a novelty instrument which we will call "Negro-babyphone." They were recalled several times. Don't fail to see the Bijou bill this week.

Remains of Late J. E. White Were Laid to Rest in Evergreen Cemetery This Afternoon

Frank White, of Como, arrived from Minneapolis last night with the remains of his half brother, J. E. White. The funeral was held this afternoon at the home of his daughter, Mrs. C. D. McKay, followed by interment in Evergreen cemetery. Through an oversight no mention was made of the fact that there were no flowers at the funeral because of the oft expressed wish of the deceased who believed that flowers should be saved for the living and for children. Those received were sent to the soldiers' home hospital that they may bring comfort to his living comrades. Failure was also made yesterday to mention Mr. White's second marriage. He was married in Oct., 1902 to Mrs. Nancy Barney, who died in October, 1907. He has three step children, Mrs. Beckett, George Barney, of Minneapolis and Charles Barney, of Chicago.

Officers and Stockholders of American Eagle Mining Co. to Inspect the Mine and Mill

The Deadwood Daily Pioneer-News of April 18th says: "A number of officers including President Ponsonby, and some of the other stockholders of the American Eagle Mining company, are expected to arrive from St. Paul within the next week or so, for the purpose of inspecting the mine and mill and determining upon a plan for the resumption of operations. It was their intention to be here the first of the present month, but business affairs in the east prevented their coming. "The development work in the mine was kept up until the first of April and there is a better showing of good grade ore there at the present time than ever before since the erection of the mill was undertaken. They now have a fine looking body of oxidized siliceous ore, which appears to be of sufficient size to produce about 60 or 75 tons per day and as it was opened up in the main tunnel workings, is so situated that it can be run into the mill at small expense. While the mill was in operation, they were working a shale and gouge ore, taken from a few feet above the quartzite, which was not only low in value, but was a most unsatisfactory material to handle in the mill. It was a constant source of trouble in the crusher and feeders and kept down the crushing capacity of the mill to about fifty per cent of its normal size. It was also a slime producer of unusual proportions and in this particular flooded the plant with a material for the proper treatment of which in such quantities, they were not prepared. With a good supply of dry siliceous ore on hand and the necessary repairs made in the mill, the company should be able to enter upon a successful run when operations are again resumed. "The mill itself, is a modern and well arranged plant, but it will require some additions before it is entirely suited for the treatment of the character of ore which it will be called upon to handle. If the shale and gouge ores are worked in connection with the oxidized siliceous ore, there will be a product of fifty per cent slime and this cannot be treated by the present facilities for that character of material. There is installed in the plant one Burt slime filter of fifty tons daily capacity, whereas the mill has a crushing capacity of about 300 tons daily. Running at its full capacity, it would require two additional Burt slime presses and would also need several more slime tanks. Besides this it will be necessary to increase the capacity of the classifiers. The one which has been in use has done satisfactory work, but the fact that the quantity of slimes produced, was greater than has been originally figured on, it was crowded beyond its capacity and consequently did not effect a thorough classification. The water supply for the mill is adequate during most of the year, but with a dry summer, it would probably be too low after August. This, however, can be remedied at a comparatively small expense, and plans for increasing the supply have already been devised and will probably be carried out as soon as arrangements are completed for resuming operations."

Up Before The Bar.

MCKINLEY SAW MILL IS DESTROYED

Property of Brainerd Lumber & Cedar Co. Was Burned to Ground Last Night

THERE WAS NO INSURANCE

Owing to Mode of Construction Insurance Was Impossible--
Loss is \$5,000

The saw and shingle mill of the Brainerd Lumber and Cedar Co., was totally destroyed by fire last night, or rather about 2 o'clock this morning. The watchman was sick and off duty and it is not known what caused the fire. The engine and boiler room were immediately beneath the saw mill proper and this made it impossible to secure any insurance and the mill, which was worth probably \$5,000, is a total loss to the owners, Geo. A. McKinley and George Adecock, who were the principal stockholders in the company. At one time there was considerable danger to the cedar yard of the Itasca Cedar and Tie Co., but by hard work the danger was averted.

The mill was located a mile from the limits of fire protection and it was useless for the fire department to make the run out there, and the department was not called out.

SUCCEEDS BLANCHARD

George T. Ross, Formerly of the Great Northern Succeeds E. C. Blanchard at Duluth

The announcement was officially made Monday that George T. Ross, formerly a division superintendent on the Great Northern Railway, has been appointed as superintendent to succeed E. C. Blanchard who has assumed the duties of general superintendent of the Northern Pacific system. Mr. Ross was formerly in the employ of the Great Northern at Superior under the direction of George Slade now general manager of the Northern Pacific.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room.

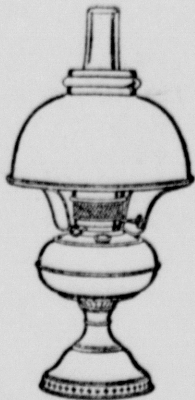

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

besides being the perfect stove for summer use is just as efficient for year 'round use. Does anything any other stove will do. It is built just like the modern steel coal range, with a CABINET TOP that makes it possible to keep food warm after it is cooked. Made in three sizes. Sold either with or without Cabinet Top. If not at your dealer's write our nearest agency.

The **Rayo Lamp** a substantial, strongly made and handsome lamp.

Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.

Seven Killed by Explosion.

Naples, April 27.—An explosion occurred on the submarine boat Foca, seven men being killed and several injured. The explosion was caused by benzine. The boat was sunk at her dock to prevent further explosions.

A tickling or dry cough can be quickly loosened with Dr. Shoop's Cough Remedy. No opium, no chloroform, nothing unsafe or harsh. Sold by H. P. Dunn. t t t

Don't drug the Stomach, or stimulate the Heart or Kidneys. That is wrong. It is the weak nerves that are crying out for help. Vitalize these weak inside controlling nerves with Dr. Shoop's Restorative and see how quickly good health will come to you again. "Test it and see!" Sold by H. P. Dunn. t t t

He-I have been told that I was handsome. She—When was that? He—Today. She—No; I mean when were you handsome?—Comic Cuts.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better remedy is used than for example, the most common medicine, containing glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the mucous membranes. The "Dis" cough is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

NEW KIND OF SURGERY

High Pressure Air Apparatus Used In Thorax Operation.

KEPT BOY'S LUNGS INFLATED.

Device, First Time Used In the United States, Is Expected to Open New Field In Operations For Tuberculosis and Other Pulmonary Troubles.

The first operation in the United States upon a human being in which the cavity of the thorax was opened while the lungs were inflated from a chamber containing air at a greater pressure than that of the atmosphere was performed recently at the German hospital, Seventy-seventh street and Park avenue, New York, by Dr. Willy Meyer. That institution has been the first hospital to be equipped with the new positive air pressure apparatus. The operation upon a little boy for empyema thus far is deemed to have been successful. The patient's condition has been satisfactory since the operation.

It is believed that the use of this apparatus will open up a wide field in surgery of the thorax. Up to this time many operations in the thorax have been difficult to perform and others impossible, owing to the fact that as soon as the cavity of the thorax was opened the atmospheric pressure collapsed the lungs and breathing stopped.

The apparatus used, which is after the models of Professor Sauerbruch to a degree, consists of two chambers with a door between the chambers and a door from the smaller chamber to the outer air. The chambers are lined with rubber. To them run air pipes and valves from a compressor run by a motor.

The operating table is arranged so that the patient lies outside the main chamber with his head within it. Rubber about the neck of the patient keeps the air within the chamber from escaping. The front of the larger chamber is of glass, which allows the surgeons to see within it. Within the larger chamber when an operation is performed are two anaesthetists, who administer the ether. The smaller chamber is for their convenience. The air pressure within it is the same as that within the larger chamber and permits them to leave the patient and return without changing the pressure.

In the operation at the German hospital the pressure was increased very gradually until it was deemed at the proper degree for the operation. Then the cavity of the thorax was opened. While the lungs were inflated and respiration was going on from the compressed air chamber Dr. Meyer and his assistants were working in the open air. After the cavity of the thorax had been opened it was found that one lung was compressed. With the removal of the matter which was the object of the operation the lung expanded at once and its use in respiration returned.

This, it was said, was unusual, for without the use of the positive pressure apparatus it would have been weeks or months before the lung would have dilated sufficiently. In this way a gain was made in the convalescence of the patient. It was said that the little boy recently operated on would be out in less than a month.

The positive air pressure apparatus and its methods will be applied in the near future to other operations in which the thoracic cavity is opened. For instance, there is carcinoma of the oesophagus.

Prior to the existence of the positive air pressure apparatus it was impossible to operate for this disease. The operation, however, to relieve this has been performed successfully in Europe with the use of the apparatus. It was thought, too, that the new apparatus might lead to important results in tuberculosis. It was said that certain parts of the lungs could be cut away, since the apparatus would keep the lungs inflated with every respiration while the surgeons worked in ordinary atmospheric pressure.

Articles of Incorporation of H. F. Michael Company

Know all men by these presents, that we, the undersigned, whose names are hereto subscribed, do hereby associate ourselves together and agree to be and become a corporation under and by virtue of Chapter 58 of the Revised Laws of 1905 of the State of Minnesota, and acts amendatory thereof and supplementary thereto, and to that end and for that purpose we, the undersigned, do hereby agree to, adopt, and sign the following articles of incorporation.

ARTICLE I.
The name of this Corporation shall be H. F. Michael Company. The general nature of the business of the Corporation shall be the buying, purchasing, or otherwise acquiring, holding, owning, selling, exchanging, assigning, or otherwise disposing of goods, wares, and merchandise necessary to the transacting of and conducting a general mercantile and merchandising business. The principal place of business of the Corporation shall be in the City of Brainerd, County of Crow Wing, and State of Minnesota.

ARTICLE II.
The time of commencement of this Corporation shall be the 28th day of April 1909, and it shall continue for a period of thirty (30) years.

ARTICLE III.
The amount of capital stock of this Corporation shall be Twenty-five Thousand Dollars (\$25,000.00) and shall be paid in such manner as is prescribed by the board of directors of the Corporation.

ARTICLE IV.
The highest amount of indebtedness or liability of this Corporation shall be at any time be subject is Twenty-five Thousand Dollars (\$25,000.00.)

ARTICLE V.
The name and place of residence of the persons forming this Corporation are, H. F. Michael, A. C. Fuller, and A. B. Michael, all of the City of Brainerd, and State of Minnesota.

ARTICLE VI.
The government of this Corporation and the management of its affairs shall be vested in a board of directors consisting of three (3) stockholders and the first board of directors shall consist of H. F. Michael, A. C. Fuller and A. B. Michael, who shall hold office until their successors are elected and qualified.

The first annual meeting of the stockholders of this Corporation shall be held at its office in the City of Brainerd, on the third day of May, 1909, and thereafter the annual meeting of the stockholders shall be held on the second Tuesday in February in each year. The officers of the Corporation shall be elected by the board of directors, and any one person may hold any two offices except president and vice-president.

By-Laws may be adopted by the board of directors subject to the right of the stockholders to alter, amend, or repeal the same or to adopt new by-laws. At all stockholders meetings each share of stock shall be entitled to one vote, and any stockholder may vote by proxy if the authority to so vote is conferred in writing and filed with the secretary of the Corporation.

ARTICLE VII.
The number of shares of this Corporation shall be Two Hundred-fifty (250) and the par value of each share shall be One hundred Dollars (\$100.00.) In testimony whereof, we, the undersigned, have hereunto set our hands and seals at Brainerd, Minnesota, this 15th day of April, 1909.

H. F. MICHAEL (SEAL).
A. B. MICHAEL (SEAL).

In the presence of
C. STICKNEY,
FANNIE SMITH.

State of Minnesota, County of Crow Wing County, ss.
I, a notary public, within and for said County, do hereby certify that on this 20th day of April, 1909, personally came before me H. F. Michael, A. C. Fuller and A. B. Michael, to me known to be the persons described in and who executed the foregoing instrument, and acknowledged they executed the same freely and voluntarily, for the use and purposes therein expressed.

M. E. RYAN, Notary Public,
Crow Wing County, Minn.
My commission expires Oct. 1st, 1911.

State of Minnesota, Department of State.

I hereby certify that the within instrument was filed for record in this office on the 21 day of April, A. D. 1909, at 11 o'clock A. M., and was duly recorded in Book 3 of Incorporations on page 335.

JULIUS A. SCHMAHL,
Secretary of State.

State of Minnesota, County of Crow Wing, ss.

I hereby certify that the within instrument was filed for record this 23rd day of April, A. D. 1909, at 11 o'clock A. M. and recorded in Book J of M. S. on page 535.

A. G. TROMMALD,
Register of Deeds.

CONTROVERSY NOT SETTLED

But Nagel-North Trouble Probably Will Be Amicably Adjusted.

Washington, April 27.—While the controversy between Secretary Nagel of the department of commerce and labor and Census Director North remains unsettled, it is believed in official quarters that the matter will be amicably adjusted and that Mr. North will remain at the head of the census bureau.

President Taft had calls from several friends of Mr. North among the senators and representatives. Mr. North himself was indisposed and remained at his home throughout the day. He said that he had read Mr. Nagel's statement, but said he thought it improper for him to discuss the matter at issue at this time, as it was in the president's hands for decision.

That Mr. Nagel will insist upon having more authority over the census bureau if it is to remain a part of the department of which he is the head, is indicated by the statement he issued. Whether Mr. North will be asked to consult more freely with Mr. Nagel on matters pertaining to the bureau or whether the president will hold Mr. North directly responsible for the administration of the bureau remain for President Taft to decide.

Doctor After Gotch's Title.

Kansas City, Mo., April 27.—Benjamin Franklin Roller, M. D., the Seattle physician who uses his knowledge of anatomy to help him find the weak points of the men he meets in the prize ring or on the wrestling mat, will grapple in this city tonight with Frank Gotch, champion wrestler of the world. Roller and Gotch met in a bout in Seattle a couple of years ago. Gotch won.

Hot Stove—Cool Kitchen

How do you expect to endure the broiling days of summer if you prepare all the food over a glowing coal fire?

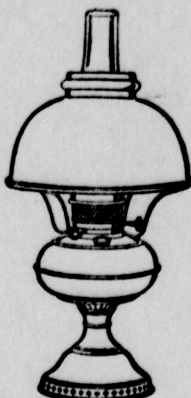

You need a "New Perfection" Oil Stove that will do the cooking without cooking the cook. It concentrates plenty of heat under the pot and diffuses little or none through the room.

NEW PERFECTION Wick Blue Flame Oil Cook-Stove

besides being the perfect stove for summer use is just as efficient for year 'round use. Does anything any other stove will do. It is built just like the modern steel coal range, with a CABINET TOP that makes it possible to keep food warm after it is cooked. Made in three sizes. Sold either with or without Cabinet Top. If not at your dealer's write our nearest agency.

The **Rayo Lamp** a substantial, strong, and handsome lamp. Burns for hours with a strong, mellow light. Just what you need for evening reading or to light the dining-room. If not with your dealer, write our nearest agency.

A. G. TROMMALD, Register of Deeds.

CONTROVERSY NOT SETTLED

But Nagel-North Trouble Probably Will Be Amicably Adjusted.

Washington, April 27.—While the controversy between Secretary Nagel of the department of commerce and labor and Census Director North remains unsettled, it is believed in official quarters that the matter will be amicably adjusted and that Mr. North will remain at the head of the census bureau.

President Taft had calls from several friends of Mr. North among the senators and representatives. Mr. North himself was indisposed and remained at his home throughout the day. He said that he had read Mr. Nagel's statement, but said he thought it improper for him to discuss the matter at issue at this time, as it was in the president's hands for decision.

That Mr. Nagel will insist upon having more authority over the census bureau if it is to remain a part of the department of which he is the head, is indicated by the statement he issued. Whether Mr. North will be asked to consult more freely with Mr. Nagel on matters pertaining to the bureau or whether the president will hold Mr. North directly responsible for the administration of the bureau remain for President Taft to decide.

Doctor After Gotch's Title.

Kansas City, Mo., April 27.—Benjamin Franklin Roller, M. D., the Seattle physician who uses his knowledge of anatomy to help him find the weak points of the men he meets in the prize ring or on the wrestling mat, will grapple in this city tonight with Frank Gotch, champion wrestler of the world. Roller and Gotch met in a bout in Seattle a couple of years ago. Gotch won.

Mrs. Allie Gaffney, Deputy for Brainerd Homestead No. 602 B. of A. Y.

Wishes to state to the members of this Society that to any member who will procure two or more beneficiary members for this Society between April 1st and June 1st will be given a beautiful gold pin, an emblem of the order.

Archers, the Brotherhood of American Yoeman are on a safe and solid plan—there is none better.
